## The Capital Contribution Fee

~ was established in 2007 to provide some of the funds necessary to pay for capital costs associated with providing electrical distribution services, specifically:

- Additional Substations
- Transmission Additions to the City Electrical Infrastructure

Updated - 10.1.16

CITY OF  
GILLETTE

Electrical  
Services Capital  
Contribution Fee

*Service with P.R.I.D.E.*

**Effective as of 2007:**

Anyone who requires connection to the City of Gillette’s electrical distribution system shall be required to pay a Capital Contribution Fee.

In the case of an expansion of an existing service, the Capital Contribution Fee shall only be for the amount by which the service size is expanding from the existing service.

The amount of the fees will be adjusted from time to time depending on the cost of the:

- Material
- Equipment
- Labor
- Overhead expenses

**Capital Contribution Fees**

- Costs for all voltages are per 100 Amps of service size
- Multiple services per building – the service size shall be based on the total service disconnect size
- For service sizes not listed – contact the Utility Dept.
- Fees shall be paid prior to the issuance of a building permit. Capital Contribution Fees may not be transferred and may not be paid by Plant Investment Fee Credits.
