The Parks and Pathways Master Plan for the City of Gillette can be found by visiting the City of Gillette Parks Division webpage.

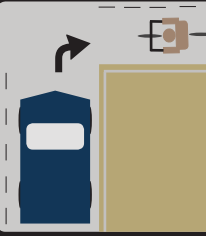

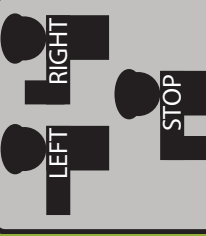

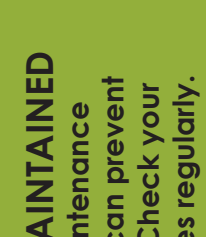

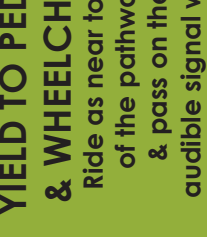

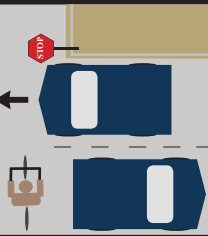

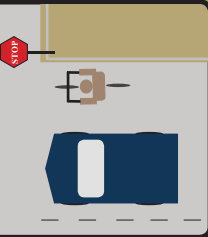

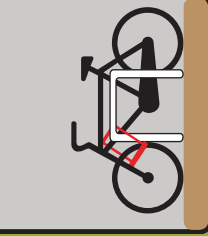

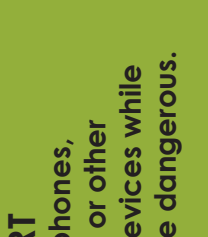

An interactive web map with information on pathways & parks can be found at gis.gillettewy.gov/DiscoverGillette

Pathways promote liveable communities by providing safe, convenient options for non-motorized travel. With the privilege of use comes the responsibility to share pathways with your fellow community members. Do your part to ensure every interaction is a positive one.

Things to remember:
Please keep your dog on a leash if you have any doubts about your ability to control your dog amidst distractions & remember to Scoop the Poop. Don't trash Campbell County. Keep it clean and beautiful and don't litter.
Ignore verbal harassment & don't verbally harass others.
Don't disturb or harass wildlife.

RULES FOR RIDERS

BICYCLE SAFETY TIPS

 DON'T RIDE AGAINST TRAFFIC You can't see signs/signals when riding against traffic & drivers may not see you.	 OBEY ALL LAWS Watch your speed and obey all traffic laws, signs, & signals; including those on streets & on pathways.	 USE HAND SIGNALS Hand signals tell others what you intend to do. Use them to communicate with others & protect yourself.	 KEEP IT MAINTAINED Routine maintenance is simple & can prevent accidents. Check your brakes & tires regularly.
 WATCH FOR RIGHT-TURNING TRAFFIC Watch for any indication that a driver may turn into your path.	 YIELD TO PEDESTRIANS & WHEELCHAIR USERS Ride as near to the right side of the pathway as possible & pass on the left. Give an audible signal when passing.	 BE SMART Stand on your bike pedals & cross railroad tracks at a 90° angle. Tracks can be slippery.	 BE VISIBLE For your safety you should wear a helmet, bright or reflective clothing, & use lights/reflectors when dark.
 WATCH FOR CARS PULLING OUT Don't assume drivers can see you. Make sure drivers come to a complete stop before you proceed.	 BE PREDICTABLE Follow all traffic laws & come to a complete stop when approaching a red light or stop sign. Look both ways before continuing.	 LOCK IT UP A new bike is more expensive than a bike lock. Be sure to lock your bike when it is unattended.	 STAY ALERT Using headphones, cell phones, or other electronic devices while riding can be dangerous.
